

Employers with Start Date and Contact Info-G

Development Version: Crystal Reports XI, Service Pack 2

First Issuance Date: 2/15/07

Modification (4/15/07): Allowed additional page header to show; suppressed e-mail address in summary line when detailed contact info is shown.

Parameters: Location (Region or Career Center); Region; Career Center; Report Start Date; Report End Date; Display All or New Employers; Report Type (Summary/Detail); Contact Info.

Parameter List of Values Updated Date: N/A

Key Features: This report shows either all employers or employers who are first-time customers to the region or career center during the report period. The user can choose to view employers at the regional or career center level. Employers who have either received approved employer services or who have placed job orders are shown. If you choose the Detail view, you will be able to see services provided/job orders placed and dates of services during the selected report period. The first service date (employer service or job order) appears in both the summary or detail view. If you see employers in the group tree to the left that are not shown in the report, it means that they are or have been customers, but do not meet the current report criteria.

Note that use of the start date means that Employers are considered "New" if their first service was during the report period. "Continuing" would refer to employers with services during the report period who had also had services prior to the report period.

You have the option of showing detailed contact information per employer, which shows contact person, phone, and e-mail, either in conjunction with a detailed report or a summary report. The summary line in either a detail or summary view shows an e-mail address if the detailed contact info is not selected.

If you run this report shortly after the OSCCAR Report is posted for the same report period, the total number of employers should match **if you use the beginning of the fiscal year for your Report Start Date**. However, if you run it later, it may pick up additional employers whose data was entered after the OSCCAR Report was run. The OSCCAR "New to Career Center" category is currently being reviewed for accuracy; the current report might prove to be more accurate.

If exporting in order to create an e-mail list, suppress this report header page, and export using Group Header #2 as the guiding report section to determine column width. Export to Excel (do not use the data only option).

Report Run Times: About 8 to 12 minutes for most career centers for an entire fiscal year, but up to 50 minutes for centers with large numbers of employer services/job orders, e.g., about 90,000 records.

Report Feedback: This report has been tested for accuracy; however, we encourage your feedback--if you get unexpected results or have other suggestions, please contact the report developer below.

Report Developer: Linda Bass, lbass@detma.org, 617-864-1570.
