

Employers-F

Development Version: Crystal Reports XI, Service Pack 2

First Issuance Date: 8/14/06

Modification 1 (8/15/06): Added first service date.

Modification 2 (9/8/06): Modified "New Employer" display.

Parameters: Location (Region or Career Center); Region; Career Center; Fiscal Year; Report End Date; Display All or New Employers; Report Type (Summary/Detail).

Parameter List of Values Updated Date: N/A

Key Features: This report shows either all employers or employers who are first-time customers to the region or career center during the report period. The user can choose to view employers at the regional or career center level. Employers who have either received approved employer services or who have placed job orders are shown. If you choose the Detail view, you will be able to see services provided/job orders placed and dates of services during the selected fiscal year. The first service date (employer service or job order) appears in both the summary or detail view. If you see employers in the group tree to the left that are not shown in the report, it means that they are or have been customers, but do not meet the current report criteria.

If you run this report shortly after the OSCCAR Report is posted for the same report period, the total number of employers should match. However, if you run it later, it may pick up additional employers whose data was entered after the OSCCAR Report was run. The OSCCAR "New to Career Center" category is currently being reviewed for accuracy; the current report might prove to be more accurate.

Report Run Times: About 8 to 12 minutes for most career centers for an entire fiscal year, but up to 50 minutes for centers with large numbers of employer services/job orders, e.g., about 90,000 records.

Report Feedback: This report has been tested for accuracy; however, we encourage your feedback--if you get unexpected results or have other suggestions, please contact the report developer below.

Report Developer: Linda Bass, lbass@detma.org, 617-864-1570.
