

Title I Participant Training and Outcomes-H

Revised Version: Crystal Reports XI, Service Pack 2. This is an adaptation of the original POUT report developed by Les Abramowitz, and adapted by Linda Bass, lbass@detma.org.

First Issuance Date (revision of 2001 report): 3/4/07

Modification (7/10/07): Added multiple summaries.

Modification (7/25/07): Changed record selection to include customers who exit after the report end date; changed summaries/outcomes to require that they occur during the report period.

Modification (10/8/07): Changed to allow display of any training program overlapping with program enrollment period. ***Added highlighting to rows where the course enrollment date is earlier than the program enrollment date.***

Modification (1/21/08): Changed suppression formula on details section.

Modification (2/9/08): Changed running totals to count as pending if completion date is after the report end date.

Modification (2/10/08): Changed local office group to career center/local office option for internal group. Changed training-related definition to require course enrollment. Changed tr-rel placement rate calculation. Reduced font for better display.

Parameters: Region, WIA Program, Fiscal Year, Report End Date.

Key Features: This report shows all Title I enrollees (Youth, Adults, or Dislocated Workers, based on the funding source selected), along with any outcomes they may have earned to date. Note that summaries are based on applicant IDs, so that any customers with multiple (different) applicant IDs will be counted more than once. ***The attained certificate/diploma field identifies those customers who earned a high school diploma or equivalent or a recognized certificate.*** While this field will appear in the detail of the report regardless of exit status, it will not be counted in the summaries unless the customer has exited.

Summary Definitions:

Attained Certif/Dipl: Attained a certificate or diploma and exited the program.

Entered Employment: Entered employment and exited the program.

Entered Employment Rate: Entered Employments/Non-Exclusion Exits

Attained Certif/Dipl Rate (Younger Youth only): Attained Certif/Dipl/Non-Exclusion Exits

Entered Employment and Cert (Does not apply to Younger Youth): Attained a certificate or diploma, entered employment, and exited the program.

Entered Empl/Certif Rate (Does not apply to Younger Youth): Older Youth: Entered Employment and Cert/Non-Exclusion Exits.

Adults/Dislocated Workers: Entered Employment and Cert/Non-Exclusion Exits of Customers in Training

Training-Related Entered Employment: Training-related entered employment and exited the program.

Customers in Training: Distinctcount of customers in training.

Course Enrollments: Distinctcount of course enrollments (more than one enrollment per customer is possible).

Completion Rate: Completed/(Completed+Did Not Complete)

Please note that the summaries in this report are intended to assist the user in gauging current WIA performance; however, the summaries are not identical to those used for formal WIA Performance, which is based on UI wage records, not on data entered into MOSES.

Report Run Times: A few seconds/minutes.

Report Feedback: This report has been tested for accuracy; however, we encourage your feedback--if you get unexpected results or have other suggestions, please contact the report developer below.

Report Developers: Les Abramowitz, labramowitz@detma.org, and Linda Bass, lbass@detma.org, 617-864-1570.
