

## Veterans Labels-A

**Development Version:** Crystal Reports XI, Service Pack 2

**First Issuance Date:** 2/25/08.

**Parameters:** Local Office; Start Date, Show App ID?

**Parameter List of Values Updated Date:** N/A

**Key Features:** This report is designed for **Avery 5160 or 5260 (3 x 10)** labels. This report shows all veterans (defined as having a veterans code in the Main table), regardless of whether they are in case management or being served by veteran's representatives, whose most recent service at the selected location occurred on or after the selected start date.

**Printing:** Before printing, the user should right click on the gray area to the left of the report and select suppress (no drill-down) for the following report sections: Report Header (RH<sub>a</sub>, this page); Report Header b (RH<sub>b</sub>, bottom of this page); and the report footer (last page, where the total number of customers is shown).

***If the resulting report does not match your label layout, it means your printer settings are different than those of the printer used during report design. Please contact the report developer for assistance in adjusting the report to work on your printer.***

**Report Run Times:** A few seconds.

**Report Feedback:** This report has been tested for accuracy; however, we encourage your feedback--if you get unexpected results or have other suggestions, please contact the report developer below.

**Report Developer:** Linda Bass, lbass@detma.org, 617-864-1570.
