

Veterans Staff Caseload-H

Development Version: Crystal Reports XI, Service Pack 2

First Issuance Date: 12/6/07.

Modified 12/6/07: Removed Vet-NonVets User table and substituted Local Office Users table and used station desk to determine who are vets staff.

Modified 12/7/07: Added maximum caseload info.

Modified 1/26/08: Changed crosstabs to show Vets then DD214, since 'Vets' determines status.

Modified 2/16/08: Added recently released info.

Parameters: Career Center, Show Customer Detail?

Key Features: This report show all open cases only for veterans staff. The user can run the report for all career centers or for one specific career center. If the user runs the report at the customer detail level, he/she can see customer names, type (support or job service) and date of the most recent service, whether disabled or not, whether they have a verified DD214, and their branch of the military. For each case manager, crosstab summaries show 1) a breakout of military branch by DD214 or not and by whether they have a vets code or not to indicate they are veterans, 2) whether they have a disability or not; and 3) the number of months elapsed since the most recent service broken out by the year in which the case was created. Customers include any customers served by veteran staff, both veterans and non-veterans. The veterans staff were identified by whether they had a record in the "Veterans-NonVets Staff". At the end of the report, a crosstab shows all case managers by total open caseload, broken out by DD214 and veteran or not (as determined by the Veterans Code in the Main table).

Please note that if the report is run statewide, the most recent service per customer will reflect the most recent service received anywhere. If it is run per career center, the most recent service will reflect the most recent service at that center.

Report Run Times: About 1 to 5 minutes.

Report Feedback: This report has been tested for accuracy; however, we encourage your feedback--if you get unexpected results or have other suggestions, please contact the report developer below.

Report Developer: Linda Bass, lbass@detma.org, 617-864-1570.
